Poland. Business Forward

Break&Wash manufactures self-service laundry units combining washing, drying and an integrated payment terminal. The machines accept card and coin payments, with additional cashless options available depending on the configuration. They allow hotels and resorts to add a paid guest laundry service that visitors can use independently. breakandwash.pl

Gata Meble manufactures ready-to-assemble furniture from laminated board, including kitchen units, bedroom furniture, wardrobes and living room collections. Its coordinated ranges cover both classic and modern styles, giving buyers a consistent look across several rooms. The collections provide furnishing options for holiday apartments and apart-hotels, as well as for furniture distributors and retailers. galameble.pl/en

KLUS designs and manufactures architectural LED lighting, including aluminium profiles, linear luminaires and recessed or surface-mounted systems. Its modular solutions can be adapted to guest rooms, reception areas, restaurants and corridors, combining functional illumination with discreet architectural details. The company supplies lighting for both interior and exterior applications and works with architects, designers and distributors. klusdesign.pl

DOLUX-M produces outdoor furniture under the Siesta Garden brand, with more than 30 years of experience working with wood. Its range includes dining tables and chairs, sofas, benches, sun loungers and garden beds for hotel gardens, terraces and outdoor dining areas. The company also offers furniture for intensive commercial use and personalised designs, giving hospitality buyers options tailored to their space. siestagarden.com

SEEDiA develops solar-powered outdoor infrastructure, including smart benches, information kiosks and charging stations for electric bikes and scooters. Its benches combine seating with phone charging and Wi-Fi, allowing resorts and visitor areas to add useful amenities without a mains electricity connection. The company has already delivered a solar bench installation in Athens, Thessaloniki and Crete. seedia.city

FANDE manufactures custom furniture for hotel rooms and shared spaces, including lobbies, restaurants, reception areas and bars. It adapts materials, dimensions and finishes to the project and manages production through to installation. Its international portfolio includes furnishings for Sheraton Grand Warsaw and NH Collection Copenhagen, offering relevant experience for hotel construction and refurbishment projects. fande.eu/en

JFM Trade manufactures custom furniture and interior joinery for hotels, restaurants and apartments. Its offer includes beds, wardrobes, wall panelling, upholstered furniture, bar fittings and curtains, with projects managed from design through production to installation. This gives hospitality buyers a coordinated supplier for guest room furnishings and public interiors. jmfurniture.pl

brinova

BRITOP Lighting manufactures decorative lighting under the Brinova brand, including pendant, ceiling, wall, table and floor lamps. Its collections feature natural materials such as oak, with finishes and configurations that can be adapted to individual projects. The range supports coordinated lighting schemes for hotels, restaurants and boutique accommodation, with cooperation available for architects, project partners and distributors. brinovalighting.com/en

ArtForm
PREMIUM FURNITURE

Art Form manufactures and installs premium bespoke furniture, decorative wall cladding and complete furnishings for hotels and restaurants. It works with materials including natural veneers and solid wood, tailoring each project to the architect's design and the property's requirements. Its portfolio includes projects at Marriott Zurich, Ritz-Carlton Budapest and InterContinental Warsaw. art-form.net.pl

RONDO®
LOVING NATURE!

Rondo Polska manufactures premium outdoor dining and lounge furniture for hotels, resorts and restaurant terraces. Its collections use durable European robinia wood alongside materials such as powder-coated metal and quick-drying foam. The range includes tables, seating and sun loungers, with material choices suited to regular outdoor use.

AWE
INDUSTRIAL HYGIENE

AWE manufactures stainless-steel hygiene equipment, including hand-washing and disinfection units, personnel hygiene stations, boot-cleaning systems and hygienic furniture. Standard and custom solutions can be adapted to the layout and processes of food preparation and production facilities. With 30 years of experience and exports to around 50 countries, it supplies equipment for catering operations, food processors and hygiene equipment distributors. awe.com.pl

Inchem Polonia manufactures construction chemicals for protecting and renovating concrete, tiles, stone and other surfaces. Its range includes tile paints, grout renovators, protective and anti-slip coatings, stone impregnators, and decorative gravel binders. These products give hotels and contractors options for refreshing bathrooms, floors, terraces and landscaped areas while retaining existing surfaces where suitable. inchem.pl

Fart Produkt manufactures interior and exterior shading systems, including roller shutters, façade blinds, fabric blinds, pleated blinds and screen shades. It also supplies awnings, insect screens, and automation for controlling shading. The range gives hotels and restaurants options for managing sunlight, privacy and guest comfort, with solutions for both new buildings and renovations. fartprodukt.pl/en/

CODAHEAD

Codahead develops Reservify, a hospitality automation system combining management software, self-service check-in and check-out kiosks, and automated key collection. Guests can complete registration, payments, and room access procedures through the kiosk, while operators can connect the system with compatible smart locks and building controls. It is designed for hotels, hostels, and rental apartments seeking to simplify arrivals and reduce routine reception work. reservify.co

ZEN Modular Space produces modular saunas, spa cabins and modular houses, and offers hot tubs. Sauna and spa layouts can be customised with options such as a hot tub or a separate relaxation room. The offer gives hotels, resorts and holiday accommodation providers options for creating or expanding their wellness facilities. zenmodular.pl

AQUACELL is a Polish supplier of water technology and wellness products for hotels, resorts and spas. Its portfolio includes AQUA VITA life water devices, VITA Tronic room harmonisers and the SUSTAIN™ Hotel Protocol. The company's hotel offering aims to improve guest comfort, reduce maintenance requirements, and support more sustainable operations. aquacell.pl

ilum designs and manufactures LED lighting fixtures for residential, office, and hospitality spaces at its production facility in Poland. The company offers architectural, decorative, and acoustic lighting solutions, as well as customized products tailored to the specific requirements of each project. <https://ilum.lighting/en>
